

# 3<sup>rd</sup> Annual “Art for Jack” Music and Art Festival for Children!

Sunday, May 3, 1-5pm, Concert at 3:30

Sulphur Springs Elementary School MPR,  
16628 Lost Canyon Road, Canyon Country, CA 91387

## *General Invitation*

To the Greater Santa Clarita Valley Community, Acton, and Agua Dulce:

We would like to invite our schools, youth groups, and artist associations to consider participating in this year’s 3<sup>rd</sup> Annual “Art for Jack” Music and Art Festival for Children. We are accepting submissions for performing artists, soloists and groups for our concert, and we are also accepting art contributions to the event for exhibits of children’s art and professional artists. Local businesses, non-profits, youth groups, and booster clubs are invited also to donate promotional items to our raffle and/or auction, to sponsor our event, or to volunteer.

Our goal is for this to be a memorable and joyful annual event that celebrates the artistic and creative talent of our children in the community, while raising awareness for pediatric brain tumors—the leading cause of cancer-related death in children, yet one of the least-funded areas of cancer research—specifically DIPG, which has no survivors. In our midst there are children diagnosed regularly who have no effective therapies developed to save them from the terminal outcome. At our event we celebrate some of our heroes, their artistry, and their inspiration to keep fighting for more funding for pediatric cancer research, in our DIPG Awareness Display, and “Art for Jack” traveling gallery exhibit.

In effect we are inviting the whole community to come and join us in displaying their artistry in exhibits or performing in our concert. The event will be packed with family fun and entertainment! Jack’s Angels Foundation was inspired by the generosity and caring of this community for little “Jack-Jack” Demeter, age 3, who succumbed to DIPG—responsible for 80% pediatric brain tumor deaths annually. We would be honored to have our talented local youth come to celebrate and play with us, and our community groups and businesses join us in raising awareness for these heroic young people who lose their lives every year to DIPG and other childhood cancers.

Thank you for your consideration!

Sincerely yours,

Janet Demeter  
President, Jack’s Angels
