## SUMMIT GOALS AND OBJECTIVES

### **Goal:**

- To open the dialogue among attendees to encourage collaborations for accelerating the pace of progress in cancer research, prevention, treatment, and care.

### **Objectives:**

- Spur discussions throughout the country about the Moonshot Initiative, current work around cancer, and the potential for new collaborations
- Increase understanding of and participation in the Moonshot Initiative
- Create a formal mechanism for individuals and organizations representing all types of cancers to have direct engagement with the Moonshot Initiative
- Generate ideas and commitments to accelerate cures and end cancer as we know it
