114TH CONGRESS 1ST SESSION	H. R	ES.					
Expressing support for	designation	of the	fourth wee	ek in	May	as	"DIPG

Awareness Week" to raise awareness and encourage the research into cures for diffuse intrinsic pontine glioma (DIPG) and pediatric cancers in general.

## IN THE HOUSE OF REPRESENTATIVES

Mr.	Knight	(for hims	elf and Ms.	Speier)	submitted	the fol	llowing	resolution;
whi	ch was re	eferred to	the Commi	ttee on $\_$				

## **RESOLUTION**

Expressing support for designation of the fourth week in May as "DIPG Awareness Week" to raise awareness and encourage the research into cures for diffuse intrinsic pontine glioma (DIPG) and pediatric cancers in general.

- Whereas diffuse intrinsic pontine glioma (DIPG) affects 200 to 400 children in the United States each year;
- Whereas brain tumors are the leading cause of cancer-related death in children;
- Whereas DIPG is the second most common malignant brain tumor of childhood;

Whereas DIPG is the leading cause of childhood death due to brain tumors;

Whereas the median survival is only 9 months;

Whereas 5-year survival is less than 1 percent;

Whereas given the age at diagnosis and the average life expectancy, the number of life years lost annually because of DIPG is approximately 25,000 years of person life lost (calculated as the number of children diagnosed by average of male and female life expectancy from that median age,  $300 \times 80 = 25,000$  years of person life lost annually); and

Whereas prognosis has not improved for children with DIPG in over 35 years: Now, therefore, be it

1	Resolved, That the House of Representatives—
2	(1) supports the designation of "DIPG Aware-
3	ness Week'';
4	(2) encourages all people of the United States
5	to become more informed about diffuse intrinsic
6	pontine glioma (DIPG) and pediatric brain cancer;
7	(3) supports expanded research to better under-
8	stand DIPG, develop effective treatments, and pro-
9	vide comprehensive care for children with DIPG and
10	their families; and
11	(4) encourages the NCI and other research
12	funders to elevate their consideration of mortality

rate of a type of cancer as well as the life years lost
